New Business and Action Items:

1. 12th St Storm Water Outfall – the committee and staff shared that an additional \$59,000 had been allocated for Public Art. It was suggested that because the budget for the bid had been set prior to knowing what funding would be available; in addition to a recent meeting with the artist, Adam Kuby, and landscaper to assess the scope of the project, that the funds should be added to the existing contract. A motion to approve the project funding increase was made by Dik Munson and seconded by Sandy Magnuson. The motion passed unanimously.
2. Deaccession of damaged ceramic vase by Tim Preston – upon reviewing a returned piece, it was determined that the tall Tim Preston vase had been damaged, then amateurly repaired. The artist has requested deaccession, as it does not represent his best work. A motion to deaccess the vase was made by Tom Devore. Louisa Anderson seconded, and the motion passed unanimously. The artist will donate a new piece.
3. Artwork purchases – upon the recommendation of the RAMP Committee and Culture staff, a motion to approve the use of \$5500 for art purchases from the upcoming, local Arts Picnic, and from the Tointon Gallery Arts Picnic exhibit was made by Louisa Anderson. After a second from Tony Miller, the motion carried unanimously.
4. Arts Picnic Booth last weekend in July 30th & 31st – the Commission recognized the opportunity to encourage public feedback and community connection by hosting a demo or an all-age creation station at the event. Following brief discussion, Sandy Magnuson volunteered to join further discussion with the RAMP Committee.
